

Mohit Saini

FULL STACK DEVELOPER

+91 7023897266 | mohitsaini80800@gmail.com | linkedin.com/in/mohit-saini-b35b2331b | Kotputli, Jaipur, Rajasthan

PROFILE SUMMARY

Frontend-focused Full Stack Developer with hands-on experience in building responsive web applications using React.js, Next.js, Node.js, Express.js, and MongoDB. Skilled in developing scalable user interfaces, RESTful APIs, authentication systems, and real-time applications. Strong understanding of modern web development practices, state management, API integration, and performance optimization. Passionate about creating user-centric digital solutions and continuously learning emerging technologies.

TECHNICAL PROJECTS

Full-Stack Admin Dashboard & Workforce Panel

MongoDB, Express.js, React, Node.js (MERN Stack)

Full Stack Developer

- Architected a secure full-stack admin panel optimized for real-time workforce monitoring and administrative workflows.
- Engineered core modules for tracking attendance (automated check-in/check-out mechanics) and dynamic employee states.
- Implemented back-end computational services to compute, filter, and stream automated salary reports safely.

School Management System (Backend Infrastructure)

MongoDB, Express.js, Node.js, RESTful APIs

Backend Developer

- Constructed the server-side architecture and custom REST APIs for comprehensive institutional and student tracking.
- Developed modules for secure student registration pipelines, course creation endpoints, and granular transaction tracking.
- Optimized data logging for institutional dues tracking, mapping outstanding balances and real-time payment states.

Malhotra IT Innovation

HTML5, CSS3, Bootstrap, JavaScript (React.js)

Frontend UI Developer

- Engineered a highly responsive digital platform for Malhotra IT institute to showcase courses and placements.
- Built dynamic and interactive UI layouts with Bootstrap, ensuring cross-device viewport fluid responsiveness.
- Optimized navigation elements and structural assets to deliver rapid loading performance and modern user flow.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Bootstrap, React.js, Next.js, React Native, Redux, Redux Toolkit, Responsive Web Design

Backend: Node.js, Express.js, REST API Development, Authentication & Authorization

Programming Languages: JavaScript(ES6+)

Database: MongoDB, MongoDB Compass

Tools: Git, GitHub, VS Code, Postman

Soft Skills: Problem Solving, Communication, Team Collaboration, Time Management

EDUCATION

Diploma in Full Stack Development

2024 – 2026

Kotputli, Rajasthan

TIPS-G Institute

- Gained rigorous hands-on experience in full-stack engineering via building responsive interfaces and data pipelines.
- Worked with backend integration systems, server deployment practices, and repository-driven version control pipelines.

Bachelor of Computer Applications (BCA)

2025 – 2028 (Pursuing)

Manipal University, Jaipur

- Building strong foundations in Programming, Data Structures, Database Management Systems, and Web Development.
- Developing practical skills through Full Stack Development projects using the MERN Stack.
- Actively enhancing problem-solving and software engineering capabilities.
